

TMP Content/Information

- ❖ **Context/Background**
 - After the title slide, there should be one slide of facts/statistics that are important to the topic
 - Interesting/shocking statistic
- ❖ **Major Problem/Issue**
 - This should be your claim slide
 - This can be presented either through a question or a statement
- ❖ **Representation of Lenses**
 - This section will be the individual team members presenting their research pertaining to the group solution
- ❖ **Alternate solutions**
 - Your team should list a few solutions that could work, but are not the best solution to your problem
 - Pros/cons/limitations/implications should be listed for these
- ❖ **Final solution**
 - The best and most plausible solution your team's lenses agrees upon
- ❖ **Limitations**
 - State why this solution may not work
- ❖ **Implications**
 - State how society would be affected by this solution

Limitations and Implications

Visual Technology Implementation	Communication Awareness
LIMITATION: <ul style="list-style-type: none">● Technology not fully developed● expensive	LIMITATION: <ul style="list-style-type: none">● Difficult to implement social/cultural change
IMPLICATION: <ul style="list-style-type: none">● Over-reliance on technology	IMPLICATION: <ul style="list-style-type: none">● More cohesive cultural interactions● increase in effective collaboration
